WHAT IS THE DONATE A PHONE PROGRAM?

Donate a Phone is a national wireless phone collection drive designed to provide domestic violence victims and organizations with one of the most powerful tools in the fight against domestic violence...a wireless phone. The program is a partnership between the Wireless Foundation, the National Coalition Against Domestic Violence and Motorola who have worked together since 1996 to provide free phones to victims of domestic violence through the CALL to PROTECT program. Free emergency airtime is donated by CTIA member wireless service providers.

WHERE DO I DONATE MY WIRELESS PHONE?

Phones can be donated by placing the phone, battery and charger (if available) in the mail to:

CALL to PROTECT
c/o Motorola
1580 E. Ellsworth Road
Ann Arbor, MI 48108

If you would like a receipt for your donation, please include your name and address with your donation. If you would like to see if there is a local collection point in your area, click [here](#). If you would like to start a local collection, click [here](#).

To expedite the delivery of phones, you may ship phones directly to Motorola in Ann Arbor, MI.

IS THERE A DROP-OFF POINT IN MY COMMUNITY?

We are establishing partnerships with hundreds of local businesses across the country to provide drop-off points for donated CALL to PROTECT phones. To see if there is a local collection point in your area, click [here](#).

CAN I DESIGNATE THAT MY PHONE WILL COME BACK TO MY COMMUNITY?

The large volume of phones we are receiving on a daily basis makes it impossible to return a specific refurbished phone to the community where it was donated. Our goal is to provide every victim of domestic violence in the U.S. with a wireless phone and free emergency airtime. We are working with domestic violence organizations, police departments and other government and community agencies to provide CALL to PROTECT phones to communities across the nation.

DO YOU TAKE ANY WIRELESS PHONE?

Yes, please send us any wireless phone you no longer need. If still available, include the phone's battery and charger. Any and all wireless phones are accepted. All makes, models and ages are welcome. No matter the size, look or condition – please know that you will be making a difference! The newer phones in good condition will be recycled and distributed to victims. Older phones or phones that can't be fixed will be sold, with proceeds used to support the National Coalition Against Domestic Violence and other domestic violence programs.

HOW DOES SOMEONE IN NEED GET A CALL TO PROTECT PHONE?

CALL to PROTECT phones are distributed to potential victims by participating local domestic violence organizations and police departments. To determine if there is a participating organization in your community, please contact a local shelter or police agency directly.

For general information about getting help for a victim of domestic violence, please call the National Domestic Violence Hotline at 1-800-799-7233 or visit the National Coalition Against Domestic Violence at www.ncadv.org.

HOW DO THE PHONES WORK?

All CALL to PROTECT phones are pre-programmed to dial 911 and usually one or two non-emergency numbers like a domestic violence shelter. Free emergency airtime is donated by members of the Cellular Telecommunications Industry Association (CTIA).

COULD I BE CHARGED FOR ANY AIRTIME WHEN THE PHONES ARE REFURBISHED?

No. When the phones are refurbished they are completely cleared. Phones that are distributed to victims of domestic violence are given free emergency airtime by local wireless carriers.

HOW CAN I START COLLECTING PHONES IN MY COMMUNITY?

You can start collecting phones in your community by spreading the message to your friends and neighbors. Go to local businesses and ask them to support CALL to PROTECT by putting up a phone collection box in their office or store. Contact your local newspaper, radio or TV station and ask them to publicize the mailing address and spread the word about how no longer used wireless phones can help fight domestic violence.

For additional information on how to get started, click [here](#).

CAN I GET PRINTED PROGRAM MATERIALS?

"Donate a Phone" printed materials are available. To request posters please click [here](#) for details.

HOW DO I GET A TAX RECEIPT FOR DONATING MY PHONE?

The Wireless Foundation is a non-profit 501 (c) 3 organization, so your phone and associated shipping expenses are typically tax-deductible. If you have donated a phone and would like a receipt, you can click [here](#) to print one. The Foundation makes no determination of the value of your gift, and you should consult your tax advisor regarding the tax effects of your gift.

WHAT IS THE GOAL OF THE DONATE A PHONE PROGRAM?

The goal of the program is to collect old wireless phones to expand the wireless industry's program to combat domestic violence. Experts estimate there are more than 24 million inactive phones in the U.S.

This program is made possible thanks to the generous contributions of CTIA member companies. Since 1996, Motorola has donated over 17,000 phones and 74 wireless service providers have donated free emergency airtime to domestic violence victims.
