Looks 'r' us

'The Australian marsupial mouse makes Mick Jagger look like a librarian with a lost libido,' wrote Jerome Burne (News, last week).

Allowing for the compulsion to use alliteration, he has dug himself an interesting little hole here.

I must first declare an interest, being a qualified librarian. I have shinned up to the loft and dug out a very fetching twinset, pearls and sensible skirt. This, along with cleaning the old hornrims, and scraping my short spiky hair into a bun, has put me in the frame of mind for an indignant rant about 2 . Much more conducive to the mood than my customary Prada leggings or Vivienne Westwood rubber frock, don't you think?

Come off it, Jerome, we library moles are now well and truly connected, with freedom to access all the naughty bits the Internet can throw at us. That can really kick-start the old libido, making Mick Jagger look just like ... a journalist with brewer's droop.
